WHEREAS, tens of millions of Americans have served in the Armed Forces of the United States during the past century; and

WHEREAS, hundreds of thousands of Americans have given their lives while serving in the Armed Forces during the past century; and

WHEREAS, our state is home to more than 525,000 veterans, 65,000 Active-Duty military, 17,500 National Guard and Reserves, and their families; and

WHEREAS, our veterans are brave and selfless individuals who, when duty called, willingly put themselves in harm's way to defend the lives and liberty of others; and

WHEREAS, their abiding patriotism and enduring devotion to the ideals on which the United States is founded can never fail to inspire us; and

WHEREAS, our veterans understand the important task before the American service men and women now keeping watch; and

WHEREAS, all Washingtonians must strive to ensure that ours remains a land worthy of the great love our veterans have shown for it.

NOW, THEREFORE, I, Ronald J. Frederick, Mayor of DuPont, WA, do hereby proclaim November 11, 2023, as

"Veterans Day"

in the City of DuPont, and I encourage all people in our city to acknowledge and honor the contributions of our veterans to the principles of democracy, individual freedom, and human rights.

Signed this 1<sup>st</sup> day of November 2023

  
Ronald J. Frederick, Mayor

## VETERANS DAY FACTS:

Veterans Day was originally called Armistice Day because it marked the one-year anniversary of the temporary cessation of hostilities between the Allied nations and Germany during World War I. That armistice went into effect at the 11th hour of the 11th day of the 11th month of 1918.

In 1926, Congress passed a resolution to make Veterans Day an annual occurrence, but it didn't become a federal holiday until 1938.

In 1954, President Dwight D. Eisenhower changed the name from Armistice Day to Veterans Day so it would honor all veterans rather than commemorate the end of a single war.

Officially, Veterans Day is always Nov. 11. But holiday office closures may shift when Veterans Day lands on a weekend. If Nov. 11 is a Sunday, businesses may observe the holiday the following day. If it lands on a Saturday, businesses might close on Friday instead.

In 1968, Congress passed the Uniform Holidays Act, which put Veterans Day on the fourth Monday in October. It took effect in 1971, but in 1975, President Gerald Ford signed a law returning it to Nov. 11.

AUGUST 2023

# I-5 - Mounts Rd. to Steilacoom-DuPont Rd. Corridor Improvements

Beginning in late summer 2023, contractor crews working for the Washington State Department of Transportation will begin construction on Interstate 5 in DuPont near Joint Base Lewis-McChord. This is the third in a series of projects that widens I-5 to add HOV lanes between DuPont and Lakewood.

## Improvements coming to DuPont and JBLM

In addition to extending the I-5 HOV lanes, construction crews will make improvements that enhance mobility and safety in DuPont and near the JBLM DuPont Gate at exit 119, including:

- A new bridge spanning I-5 and the railroad. The new bridge will feature a partial Diverging Diamond Interchange and a shared-use path for pedestrians and bicyclists between JBLM and DuPont.
- Direct access between JBLM and both directions of I-5.
- A new roundabout connecting Steilacoom-DuPont Road and the new overpass.

The project will also add a new signal at the intersection of the southbound I-5 off-ramp at Mounts Road (exit 116) and improve the I-5 vertical clearance over Pendleton Avenue.

## What you can expect

Construction will begin in summer 2023 and is expected to be complete in 2026. The project consists of multiple stages that involve overnight and weekend ramp closures, lane shifts onto temporary pavement, potential speed limit reductions, and bicycle and pedestrian detours. Crews will contain dust and debris to the construction site and will minimize noise as much as practical. Clear signage will indicate required detours throughout the project.

The project extends HOV lanes in both directions into DuPont.

## Fall Leaves

We'll all agree the fall-colored leaves bring added beauty to the wonderful City of DuPont, yet they also cause a lot of yard work. Please be responsible for the leaves that fall in your yard and on the sidewalks in front of your homes, and do not blow them into the street. Instead, please put them in your yard waste receptacles. Work with your neighbors to make sure storm drains are clear. Keeping leaves raked and cleaned up will keep gutters and streets from filling up with water. Street sweepers will be coming by in the coming weeks (please see schedule below), so let's do our part to help ensure the streets are clear of leaves and debris. Thank you, residents!

## CITY OF DUPONT WATER MAIN FLUSHING

The City of DuPont periodically flushes the pipes in our water system to remove rust and sediment, which helps ensure you receive clean, reliable water. Flushing forces high-velocity flows through the pipes and out through fire hydrants. Along with scouring the inside of water mains, this also helps us find and repair malfunctioning valves and hydrants before they cause problems. Water department crews will likely begin flushing in October 2023 and should complete the program in early 2024.

### What to Expect-

- During flushing, you might see utility crews working at hydrants and valves in intersections and at the end of cul-de-sacs.
- Your water pressure may decrease during flushing, and you may see discoloration. This is temporary, not harmful and should clear up quickly.
- Avoid running the tap or turning on appliances that use water, such as dishwashers and clothes washers, when flushing is happening in your area.
- If you get discolored water or find sediment in your water, remove any aerators from your faucets and run the cold tap for a few minutes or until the water runs clear.
- Make sure your first load of laundry after flushing is dark clothes only.

If you have questions during normal business hours about our flushing programs, or if your water does not clear up within a short time after flushing is completed, please contact our Water Quality Section at (253) 964-8121 or [publicworks@dupontwa.gov](mailto:publicworks@dupontwa.gov).

After business hours, call the Public Works Afterhours Emergency Contact Line at (253) 912-5389.

## DuPont Parks & Trails

Did you know the City of DuPont has over 12 miles of maintained trails and nearly 20 developed park spaces? Or that there is a Community Garden or an off-leash dog park? You can discover all these places and more by using our City website's Parks & Facilities portal! The City Parks and the City Trails links use the same master search function that allows you to search by amenities or even trail difficulty! Whatever you select as a feature, only parks or trails that have that feature will populate! Looking for an easy trail with a water view? Select "water view" and "trail-easy," which will only bring up those trails! Are you looking for a park with a playground but also a bathroom? Search both of those features, and only those specific parks will show.

Discover a new park, a trail, or Community Garden, and explore these portals! <https://dupontwa.gov/198/Parks-Facilities>

## Safety Message - Daylight Saving Safety Tips

### Safety Tip #1 – Check Smoke and Carbon Monoxide Detectors

There are increased carbon monoxide poisoning risks with the use of fireplaces, gas-fired furnaces, and space heaters. You should replace the batteries in all of your smoke alarms and carbon monoxide detectors. Replace any smoke detector that is older than 10 years; and carbon monoxide detectors that are older than 5. **(Bonus Tip: Be sure to also check and recharge your fire extinguishers!)**

Bonus Safety Tips from the National Fire Protection Association:

- Your home should have smoke alarms on every level, outside each sleeping area, and inside each bedroom.
- For the best protection, interconnect the alarms, so when one sounds, they all sound.
- Test all smoke alarms at least monthly by pushing the test button.
- In the event of a fire, a working smoke alarm and a well-practiced fire escape plan can mean the difference between life and death.

# DuPont Fire Department

## **Safety Message - Daylight Saving Safety Tips Continued.....**

### **Safety Tip #2 – Change All Batteries in Your Home**

We recommend that you also take this time to change ALL batteries in your home. Some of these items will include thermostats, outdoor lighting, clocks, phone accessories, flashlights, and portable electronics.

### **Safety Tip #3 – Throw Away Expired Medications**

Expiration dates DO matter when it comes to medications, prescribed and over-the-counter. Serious problems can be caused by taking very common expired over-the-counter medication. Check out what the Food and Drug Administration (FDA) recommends discarding unused medications.

### **Safety Tip #4 – Prepare a Winter Emergency Kit for Your Home**

This is a great time to create or restock your home winter preparedness kit. It should include flashlights, batteries, matches, a manual can opener, first-aid kit, unexpired medications, battery-powered radio, extra pillows and blankets, and a list of emergency contact numbers.

### **Safety Tip #5 – Prepare a Winter Emergency Kit for Your Car**

You not only want to prepare for an emergency in your home, but you also want to be sure that you are prepared in case of an emergency while in your car. For a proper car winter preparedness kit, we recommend it include: Tire chains, flares, flashlight, batteries, warm clothes, blanket, water, non-perishable snacks, shovel, reflective hazard triangle, jumper cables, sand for traction, winter hat and gloves.

### **Safety Tip #6 – Check Outside for Hazardous Material (paints, lawn and garden chemicals, fertilizers)**

One possible overlooked safety check is the outside of your home and storage areas. These should be checked for hazardous materials. Materials that are outdated, unused or in poor condition should be properly discarded. Any others should be moved out of the reach of children and pets.
